Mears Learning - letter of support for BPEC L2 Diploma in Plumbing Foundation

Dear Steve

I am pleased to be able to confirm our continuing support for the above qualification.

Mears Learning is part of Mears Group PLC and is responsible for the management and facilitation of training and development activity within the Group. As such, we are trusted with ensuring that the training we deliver meets the needs of all of our customer groups, including: Mears operatives, sub-contractor operatives, apprentices, adult trainees and 16-19 year old non-apprentice trainees.

The L2 Diploma in Plumbing Foundation is a qualification which we are pleased to be able to offer, specifically to adult trainees and 16-19 non apprentice trainees with whom Mears Learning engages as part of the Group's commitment to corporate social responsibility (CSR). The qualification is engaging and relevant and offers an excellent grounding in the basics of Plumbing. The way it is structured also means that it offers good opportunities for advancement to either the L3 Diploma in Plumbing Foundation or (assuming sufficient work experience is available) the L2 NVQ Diploma in Plumbing and Heating – resulting in full industry recognition in the role of L2 Plumber.

If you require any further information please don't hesitate to contact me.

Yours sincerely

Kevan Holmes
Head of Rotherham Academy
