Dear Garry

**Re: Oxford Energy Academy Letter of Support (LOS)**

We would like to gain centre approval for the following qualification listed below.

(BPEC Level 3 Award in the Requirements for Electrical Installations BS7671:2018)

The estimated number of learners which will be completing this qualification is 40 per annum, which will be Apprentices and Adult learners.

Oxford Energy Academy would like to gain centre approval to run this qualification through Bpec, as our large customers who place their Plumbing Apprentices through Oxford Energy Academy have suggested that this would be an excellent qualification for their Electrical Apprentices to complete through our centre. We would also like to offer this course/qualification to Adult learners through our evening courses which we already run.

I hope the above is satisfactory, if you require more details or information then please do not hesitate to contact me direct.

Kind regards

Dave Bendell
